

Parents of Students

Welcome to Pittsburgh!

Pittsburgh is a great place to study. We have over 50,000 students in the surrounding area and very high caliber education, research, and professional development. Carnegie Mellon University, the University of Pittsburgh, and Carlow University are within walking distance of our church. We hope that we can be your church community and place of rest and growth while you are in Pittsburgh.

Our church for your student:

Our parish is a great community for young and old. We encourage you to visit our weekend services with your student and check out Ascension. Please check out the rest of our website for information regarding our church and please contact us with any questions. (click [HERE](#) for more information for visit to our parish)

Coming for a visit?

Please allow us to welcome you as you come to visit your student or check out our city. We have a group of families who would love to open up their homes to visitors and shelter you during your trip. Please email Jonny at jonny.cagwin@pittsburgh.org with your dates and we will check the availability of staying with one of our parish families.

Family Weekend 2010

Carnegie Mellon University - October 6-8, 2010
